The *Map Factory CD* contains Socom's six blackline map master titles in Portable Document Format (PDF) files. The CD can be used by teachers and students across the one campus with very few restrictions or limitations ...

- ☞ The *Map Factory CD* contains more than 380 pages of map masters (refer contents list above) ... all fully printable and photocopiable.
- ☞ All the files included on the CD can be loaded onto the school intranet or used with electronic whiteboards.
- ☞ All the maps are clearly illustrated and set out (in black and white format).
- ☞ The map sets (except for *The World* and *Australia* sets) show the national boundaries, capital city, main towns and rivers in each nation. Also included is the national flag and a brief data/ statistical 'overview' of each country (viz. area, population, climate, language/s, religion/s, currency).
- ☞ All the maps, and the statistics/data included with them, have been up-dated to Nov. 2013.

Essential map masters for the school resource centre and classroom... great value for money (less than 12 cents per map) ... suitable for a wide variety of uses/applications.

If you prefer or need hardcopies of Socom's map masters, these are still available ... please refer to the information over the page.

**Visit our website to view display copies of all our titles ... also download 'freebies'**
